Introduction

GTV Bedding is a trusted hospitality solutions provider, delivering a comprehensive range of products tailored for the international hotel industry. Beyond premium bedding, we support hotels with integrated solutions designed to enhance guest comfort, operational efficiency, and overall interior presentation.

Through strategically partnered manufacturing facilities across Europe and Asia, we ensure consistent quality, durability, and compliance with international hospitality standards. Our global sourcing network allows us to offer a diverse portfolio while maintaining strict quality control across all product categories.

Our core offering includes complete sleep and bath solutions, such as bed linen, comforters, duvets, pillows, mattresses, bed runners, cushions, towels, bath mats, bathrobes, and pool towels. Each product is developed to balance comfort, longevity, and ease of maintenance, key requirements in hotel operations.

In addition, we provide soft furnishing and in-room solutions, including curtains, room supplies, and guest amenities, enabling hotels to achieve consistency in design and functionality across guest rooms.

For public areas and food & beverage operations, GTV Bedding delivers banquet and hospitality solutions, covering tableware, placemats, ceramics, glassware and wine glass sets, cutlery, as well as professional equipment such as heat lamps, beverage dispensers, and electric chafing dishes. These solutions are designed to support both daily service and large-scale banquet operations.

With extensive experience serving the GCC market, we understand the importance of climate-adapted products, durability, and reliable supply. Our flexible manufacturing and sourcing capabilities allow us to tailor specifications, materials, and finishes to meet project-specific and regional requirements.

At GTV Bedding, our commitment is to help hospitality partners create cohesive, high-performing environments—from guest rooms to dining and banquet spaces. By combining carefully selected materials, modern manufacturing techniques, and competitive pricing, we deliver complete hospitality solutions defined by quality, consistency, and refined functionality.

One Stop

Hotel Supplies procurement
Professional, Efficient, Simple, and Trustworthy

Optimized manufacturing network

ONE STOP

Quickly integrate resources for you, saving time costs.

Considerate service

End-to-end support including logistics coordination, delivery planning, and local market assistance to ensure smooth project execution.

Supply Chain Advantage

GTV Bedding's supply chain is structured to deliver stability, efficiency, and reliability across all hospitality product categories. Our integrated approach ensures consistent quality, dependable supply, and responsive service for hotel projects of all scales.

Our professional design team brings strong hospitality expertise, with the capability to develop coordinated product solutions across guest rooms, bathrooms, and F&B areas. By aligning design, functionality, and customization, we help hotels achieve cohesive interiors that reflect their brand identity while meeting operational requirements.

We maintain long-term partnerships with carefully selected manufacturers and suppliers across Europe and Asia. These stable relationships ensure a consistent supply of materials and components, supporting reliable quality standards, cost efficiency, and continuity throughout the project lifecycle.

An efficient logistics and distribution network allows us to respond quickly to project demands and ensure timely delivery. Through collaboration with established logistics partners and real-time shipment tracking, we enhance transparency, coordination, and transportation efficiency.

Flexibility is a core strength of our supply chain. From product specifications and material selection to packaging and branding requirements, we adapt production processes to meet project-specific and regional needs without compromising quality or timelines.

Our supply chain is supported by proactive risk management measures, including diversified sourcing, inventory optimization, and enhanced supply visibility. This approach minimizes potential disruptions and ensures stable execution across complex projects.

Through advanced information systems and close collaboration with suppliers and logistics partners, we enable transparent communication and efficient decision-making, ensuring smooth and reliable supply chain operations.

Together, these strengths enable GTV Bedding to deliver high-quality, adaptable hospitality solutions that meet evolving market demands while maintaining consistency, reliability, and long-term value for our partners.

Supporting and Solution

GTV Bedding offers strong product supply capabilities, enabling us to deliver comprehensive supporting facilities and integrated solutions for the hospitality industry. Our extensive product portfolio covers a wide range of hotel requirements, including guest room, bathroom, banquet, and public-area solutions.

Whether supplying individual product categories or supporting the full scope of a hotel project, we provide a one-stop solution that simplifies procurement and ensures consistency across all areas. This integrated approach allows our partners to efficiently meet operational, aesthetic, and budgetary requirements.

Quality and innovation are central to everything we deliver. We understand that hotel supplies play a critical role in shaping the guest experience. For this reason, we work with carefully selected materials and implement strict quality control across every stage of production, ensuring that all products meet high hospitality standards for performance, durability, and comfort. At the same time, we continuously develop and refine product designs to support different hotel concepts and personalized project needs.

Beyond product supply, GTV Bedding provides comprehensive project-based solutions. Our professional team works closely with clients to understand their hotel positioning, design intent, operational requirements, and budget parameters. Based on this, we develop tailored solutions that balance product coordination, visual consistency, functionality, and cost efficiency.

To support seamless execution, we maintain strong logistics and distribution capabilities. Through long-term cooperation with established logistics partners, we ensure timely, secure, and well-coordinated deliveries. Flexible delivery options allow us to adapt transportation methods and schedules according to project timelines and client preferences.

In summary, our comprehensive product range, strict quality standards, professional project support, and reliable logistics enable GTV Bedding to deliver complete hospitality solutions with confidence. Whether for large hotel groups or boutique properties, we provide practical, well-coordinated solutions that support operational success and long-term value.

Customization

GTV Bedding offers comprehensive customization capabilities, supported by extensive industry experience, advanced production technologies, and a dedicated professional team. We understand that every hotel has its own identity, operational requirements, and design language. For this reason, customization is at the core of our approach.

We provide personalized solutions across all product categories, allowing customization in style, color, material selection, dimensions, functionality, and finishing details. Each product is developed according to the specific requirements of the project, ensuring alignment with the hotel's concept, brand positioning, and guest experience objectives.

Our flexible production systems and refined manufacturing processes enable us to accommodate complex and project-specific customization requests. With adaptable production lines and skilled craftsmanship, we are able to respond efficiently to varying specifications while maintaining consistent quality standards.

A specialized technical and design team supports the customization process from concept to execution. Their combined experience and technical expertise allow us to propose practical, well-considered solutions that balance design intent, performance, and feasibility.

Clear communication and close collaboration are essential to successful customization. We maintain continuous coordination with our clients throughout the process, ensuring timely feedback, alignment on details, and responsive adjustments where required. This collaborative approach allows us to meet expectations accurately and deliver results with confidence.

Through our customization capabilities, GTV Bedding supports a wide range of hospitality projects, from luxury hotels to boutique properties, by creating tailored solutions that enhance character, functionality, and overall guest experience.

Soft Production

GTV Bedding's soft production model is designed to support large-scale and multi-phase hotel projects requiring consistency, scalability, and adaptability. Our flexible production systems enable efficient handling of high-volume orders while accommodating project-specific customization across multiple product categories.

Through stable supplier partnerships, coordinated logistics, and real-time production oversight, we ensure continuity of supply, controlled lead times, and alignment with construction and fit-out schedules. This allows seamless execution across guest rooms, public areas, and F&B spaces, even under demanding timelines. Our production teams work in close coordination with project stakeholders to ensure that specifications, quantities, and delivery sequencing are executed accurately and reliably throughout the project lifecycle.

Bed Linen

GTV Bedding offers premium hotel bed linen designed to deliver comfort, durability, and refined presentation. We understand that linen quality is essential to a hotel's image and plays a key role in shaping the guest experience.

Produced using carefully selected high-quality yarns and renowned Egyptian cotton, our bed linen provides a soft hand feel and reliable performance under daily hotel use.

A range of finishes, including plain, sateen, satin stripe, and jacquard, allows seamless alignment with different hotel concepts and interior styles. Through precise craftsmanship and hospitality-focused design, GTV Bedding delivers bed linen solutions that enhance both visual appeal and long-term operational value.

Goose down duvet

GTV Bedding's down duvets are crafted to deliver exceptional warmth, softness, and breathability. Filled with high-quality goose down or duck down, they offer a naturally light and fluffy feel while maintaining excellent thermal performance and comfort.

With down content ranging from 60% to 95%, our duvets are widely specified for high-end hospitality environments where sleep quality is a priority. Their natural insulation and breathable structure create a balanced sleep climate, supporting a premium and restful guest experience.

Microfiber quilt

GTV Bedding's microfiber quilts offer dependable comfort, durability, and cost efficiency for hospitality use. Manufactured with high-quality microfiber filling and soft superfine fabric, each quilt is formed as a single stable layer to maintain shape and performance over time.

Available with pure cotton or soft polyester fabric options, and filling weights from 200 gsm to 600 gsm, these quilts can be specified to suit different climates and regional hotel requirements.

Bed Runner & Cushion

Bed runners and cushions serve as the finishing elements that define the character and visual identity of a hotel room. Thoughtfully selected, they enhance spatial harmony while reinforcing the hotel's overall design concept.

GTV Bedding designs and produces bed runners and cushions with a strong focus on color coordination, pattern balance, and material quality. By combining contemporary design sensibilities with practical performance, we create pieces that complement a wide range of hotel styles while ensuring comfort, durability, and ease of use.

Through careful material selection and precise craftsmanship, our bed runners and cushions add warmth, refinement, and a sense of completeness, elevating the guest room experience and strengthening the hotel's design narrative.

Bathroom Linen, Towels

GTV Bedding's hotel towel collection is crafted to deliver softness, absorbency, and long-lasting performance. Produced using high-quality cotton yarns and refined manufacturing processes, our towels offer a gentle hand feel and excellent water absorption, enhancing comfort and care throughout the guest bathing experience.

To support different hotel standards and usage requirements, towel weights are available from 500 gsm to 650 gsm, ensuring durability and consistent quality under frequent laundering. A wide range of finishes is offered, including plain weave, dobby border, jacquard, embroidery with logo options, and yarn-dyed designs, allowing alignment with individual hotel branding and interior concepts.

Through material quality, flexible design options, and hospitality-focused performance, GTV Bedding delivers bathroom linen solutions that elevate both functionality and guest satisfaction.

Pool Towel

Bath Mat

GTV Bedding offers a versatile range of bath mats designed to enhance comfort, safety, and visual harmony in hotel bathrooms. Each option is developed to support daily hotel use while contributing to a refined guest experience.

A variety of materials is available, from anti-slip PVC solutions to soft cotton bath mats, allowing selection based on functional requirements and design intent. Multiple styles, including solid colors, subtle patterns, and textured finishes, ensure compatibility with different hotel concepts.

With flexible sizing and customization options, our bath mats are designed to fit seamlessly within bathrooms of all scales, providing a practical and welcoming finishing touch that enhances overall comfort.

Bathrobe

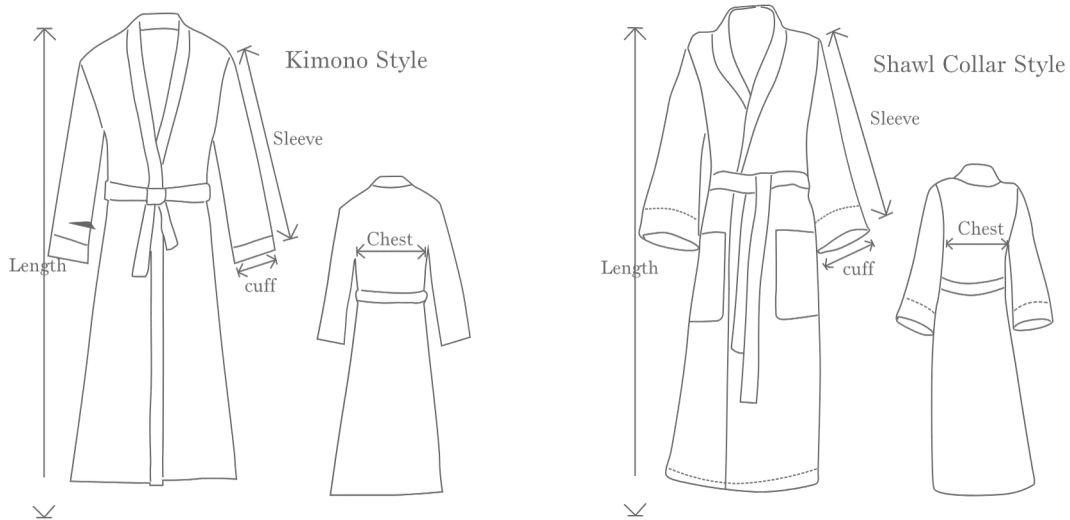

Bathrobes play an essential role in enhancing the in-room comfort and overall stay experience of hotel guests. GTV Bedding designs bathrobes with careful attention to material selection, weight balance, and long-term usability to meet the expectations of hospitality environments.

Available in a variety of styles and color options, our bathrobes can be tailored to complement different hotel concepts, from understated elegance to more distinctive design expressions, delivering comfort, refinement, and consistency across guest rooms.

GTV
GTV Bedding

Curtain

Curtains play a vital role in hotel interiors, providing not only shading and privacy but also contributing to spatial comfort and overall atmosphere. Thoughtfully selected curtains enhance light control, acoustic comfort, and visual harmony within guest rooms.

GTV Bedding offers curtain solutions designed to balance functionality with aesthetics. With carefully considered fabrics, textures, and finishes, our curtains support different interior concepts while helping hotels create a calm, welcoming, and refined environment for guests.

Mattress

A high-quality mattress is essential to ensuring restorative sleep and a memorable hotel stay. At GTV Bedding, our professional mattress solutions are developed to support comfort, ergonomics, and consistent performance in demanding hospitality environments.

Our mattresses are engineered using carefully selected materials and balanced support systems to accommodate a wide range of sleeping preferences and body types. By combining comfort layers with stable core support, they help relieve pressure points, promote healthy body alignment, and allow guests to fully relax throughout the night.

Attention is also given to hygiene, breathability, and durability, key requirements for hotel operations. Designed to maintain comfort and structural integrity over time, GTV Bedding mattresses create a clean, supportive, and comfortable sleep environment that enhances guest satisfaction and long-term hotel value.

Electric Iron

HS-05

Steam iron

- 220–240V 50/60Hz, 1800W or 110V 60Hz 1000W
- Hotel steam master, safe and powerful
- Safe auto shut-off system:
 - Horizontal position after 30 seconds
 - Vertical position after 8 minutes
- Ceramic soleplate
- Dry/steam/spray/blast/anti-drip/self-clean functions
- ON and READY indicator light

HS-06

Steam iron

- 220–240V 50/60Hz, 1800W
- Hotel steam master, safe and powerful
- Safe auto shut-off system:
 - Horizontal position after 30 seconds
 - Vertical position after 8 minutes
- Ceramic soleplate
- Dry/steam/spray/blast/anti-drip/self-clean functions
- ON and READY indicator light

HS-08

Dry iron

- 220V–240V 50Hz–60Hz, 1000W
- Function: Dry / adjustable temperature settings for different fabrics / overheat safety protection
- Temperature pilot light
- Non-stick soleplate
- Auto shut-off
- Horizontal position after 30 seconds
- Vertical position after 8 minutes

HS-22

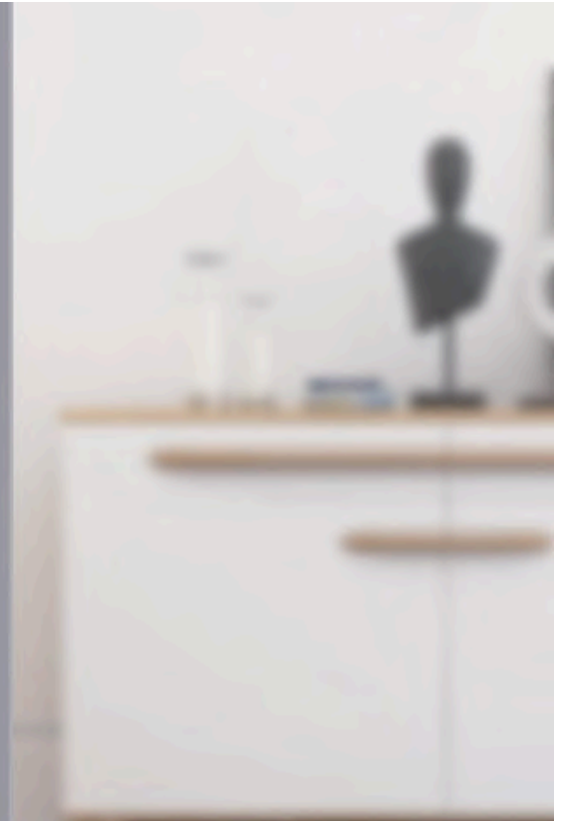

Steam iron

- 220V–240V, 50Hz–60Hz, 2200W
- Adjustable temperature for different fabrics
- Dry / Spray / Steam / Burst steam / Self-cleaning / Anti-calc / Anti-drip / Auto shut-off
- Horizontal position after 30 seconds
- Vertical position after 8 minutes
- Water tank capacity: 320ML
- Dial thermostat control
- Temperature pilot light
- Soft handle
- Soleplate: Ceramic

Flashlight

- Magnetic induction: automatic on/off when removed or docked
- Touch-switch control while charging
- High-brightness 1W LED with 30m beam range
- Up to 180-day ultra-long standby
- USB charging, energy-efficient and eco-friendly
- Integrated warning-light indicator for nighttime use
- Wall-mounted design, no drilling required
- Durable ABS housing with soft anti-glare, impact-resistant finish

Cooling Method: Semiconductor cooling
Temperature Control: Mechanical
Noise Level (dB): 30
Ambient Temperature: 15°C-25°C
Internal Temperature Range: 5°C-12°C
Capacity: 40L
Voltage/Frequency: 220V-240V / 50Hz
Net Weight: 8.9kg
Gross Weight: 10kg
Product Size: 430 × 410 × 510 mm
Package Size: 460 × 440 × 530 mm

CW-40AC
Cooling Method: Semiconductor cooling
Temperature Control: Mechanical
Noise Level (dB): 30
Ambient Temperature: 15°C-25°C
Internal Temperature Range: 11°C-18°C
Capacity: 40L
Voltage/Frequency: 220V-240V / 50Hz
Net Weight: 11.2kg
Gross Weight: 12.8kg
Product Size: 430 × 410 × 501 mm
Package Size: 460 × 440 × 530 mm

CR-30H
Cooling Method: Semiconductor cooling
Temperature Control: Mechanical
Noise Level (dB): 0
(Silent operation)
Ambient Temperature: 15°C-25°C
Internal Temperature Range: 5°C-12°C
Capacity: 30L
Voltage/Frequency: 220V-240V / 50Hz
Net Weight: 9.9kg
Gross Weight: 10.9kg
Product Size: 380 × 385 × 468 mm
Package Size: 420 × 420 × 495 mm

Slipper

Available in a variety of designs and materials, our hotel slippers are developed to enhance guest comfort while reflecting the hotel's attention to quality and detail. Thoughtfully selected finishes and styles support a refined, high-quality in-room experience.

Environmental Responsibility: Selecting disposable slippers made from environmentally responsible materials reflects a hotel's commitment to sustainability while meeting the growing expectations of environmentally conscious guests. This thoughtful choice supports greener operations and reinforces a refined, contemporary brand image.

Attention to Detail & Packaging: Carefully designed packaging enhances the guest experience from the first touch. Options such as eco-friendly paper or fabric packaging, combined with hotel branding or welcoming messages, communicate quality, care, and attention to detail.

Service Integration: Complementary services such as regular slipper replacement and efficient housekeeping coordination further demonstrate professionalism and attentiveness. These subtle yet meaningful details contribute to a seamless guest experience and elevate the overall perception of comfort and elegance.

Banquet Overall Solution

GTV Bedding provides a one-stop banquet overall solution, offering customized support to create seamless and memorable banquet experiences. In the hospitality industry, banquets represent an important expression of a hotel's service quality and operational standards.

Our solutions cover key banquet elements, from venue setup and table linen selection to tableware coordination and service support. By combining functional planning with cohesive design, we help hotels deliver well-organized, visually refined, and high-performing banquet environments tailored to different event requirements.

First, Banquet Venue Layout & Planning

Based on the scale, purpose, and theme of each event, we provide detailed planning and coordinated venue setup. From stage backdrop, lighting, and sound arrangement to table and chair layout and decorative elements, every detail is carefully considered to create an atmosphere aligned with the banquet concept. Practical circulation, guest comfort, and operational efficiency are integrated to ensure a seamless and enjoyable event experience.

Second, Table Linen Selection & Customization

Table linen plays a key role in defining the visual character of a banquet. We offer a wide selection of tablecloth materials, colors, and patterns to suit different themes and styles. Customized table linen options are also available, allowing hotels to enhance individuality, branding, and overall presentation.

Third, Tableware Configuration & Coordination

We provide complete tableware solutions, including plates, bowls, glassware, cutlery, and serving accessories. Each selection is made with careful consideration of material quality, craftsmanship, and design harmony to match the banquet's level and aesthetic. To support operational standards, coordinated cleaning and hygiene practices ensure safety and consistency throughout service.

Fourth, Personalized & Value-Added Services

To further enhance the banquet experience, we offer tailored value-added services based on event requirements. These may include customized invitations, commemorative items, or other bespoke elements that add distinction and lasting value to the occasion.

Through our integrated banquet solution, GTV Bedding delivers one-stop support, from planning and layout to linen, tableware, and customized services. Whether for weddings, celebrations, conferences, or corporate banquets, we provide coordinated, reliable solutions that help hotels deliver refined, well-executed, and memorable events.

Place Mat

Product	Napkin		
Material	100% Cotton, Polycotton or Polyester		
Size	50cm x 50cm, or Made to Order		
MOQ	200 Pieces	Color	Plain White or Made to Order
Remark	All GTV Bedding's table cloth fabric can be produced as napkin, chair cover, place mat , apron, etc.		

Ceramic

Ceramic tableware plays an essential role in hotel dining, combining practicality, durability, and refined presentation. GTV Bedding's ceramic solutions are designed to withstand high temperatures, making them suitable for hot food and beverages, while maintaining shape and structural stability under daily hospitality use.

With smooth, non-porous surfaces, ceramic tableware is easy to clean, resistant to grease and odors, and suitable for high-temperature disinfection, supporting hygiene and operational efficiency. Produced from carefully selected inorganic materials, these products are safe, durable, and designed for long-term use.

Available in a variety of shapes, finishes, and design styles, our ceramic tableware enhances table presentation and complements different restaurant concepts. From classic collections to refined porcelain options, including strengthened ceramic solutions, GTV Bedding ceramics support both functional performance and an elevated dining experience.

Glass & Wine Glass Set

Glassware plays a key role in defining a hotel's dining and beverage experience, balancing aesthetics, functionality, and durability. GTV Bedding offers glass and wine glass solutions designed to complement a wide range of interior concepts, from contemporary to classic and luxury settings.

Produced using high-quality, safe materials, our glassware is designed for daily hospitality use, offering clarity, strength, and resistance to heat and impact. Different functional requirements are addressed across guest rooms, restaurants, bars, and banquet areas, ensuring suitability for both presentation and operational efficiency.

Easy maintenance and long-term durability support consistent appearance and reduced replacement costs, allowing hotels to maintain high service standards while optimizing overall value.

Heat Lamp

Mirror-Polished Stainless Steel Telescopic Heat Lamp

- Model No.: 122177
- Product Size: Ø250 × H175 mm
- Power: 220V / 250W

Mirror-Polished Rose Gold Telescopic Heat Lamp

- Model No.: 122178
- Product Size: Ø250 × H175 mm
- Power: 220V / 250W

Mirror-Polished Gunmetal (Black Titanium) Telescopic Heat Lamp

- Model No.: 122179
- Product Size: Ø250 × H175 mm
- Power: 220V / 250W

Stainless Steel Arc-Shaped Large Heat Lamp Shade

- Model No.: 140323
- Product Size: Ø250 × 150 mm
- Power: 175W
- Lamp Type: CL-250

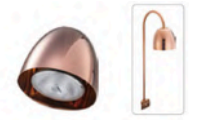

Rose Gold Stainless Steel Arc-Shaped Large Heat Lamp Shade

- Model No.: 140324
- Product Size: Ø250 × 150 mm
- Power: 175W
- Lamp Type: CL-250GR

Stainless Steel Arc-Shaped Small Heat Lamp Shade

- Model No.: 140321
- Product Size: Ø175 × 150 mm
- Power: 175W
- Lamp Type: CL-175

Rose Gold Stainless Steel Arc-Shaped Small Heat Lamp Shade

- Model No.: 140322
- Product Size: Ø175 × 150 mm
- Power: 175W
- Lamp Type: CL-175GR

Stainless Steel Conical Small Heat Lamp Shade

- Model No.: 140327
- Product Size: Ø150 × 162 mm
- Power: 175W
- Lamp Type: CC-150

Rose Gold Stainless Steel Conical Small Heat Lamp Shade

- Model No.: 140328
- Product Size: Ø150 × 162 mm
- Power: 175W
- Lamp Type: CC-150GR

Stainless Steel Hot/Cold Food Container Sets (SGS / CE)

Stainless Steel Insulated Hot Food Container Set

- Capacities Available: 4L / 6L / 8L / 10L / 12L / 14L
- Voltage / Power: 220V / 500W
- Material: Stainless steel
- Certification: CE, SGS

Stainless Steel Insulated Cold Food Container Set

- Capacities Available: 4L / 6L / 8L / 10L / 12L / 14L
- Material: Stainless steel
- Certification: SGS

Available in multiple colors: White, Red, Orange, Yellow

Different model numbers correspond to different capacities and colors.

Heat Lamp

Dry-Heating Fully Polished European-Style Soup Warmer

- Model Nos.: 119961 / 119962 / 119963
- Sizes Available:
 - Ø240 × H270 mm
 - Ø270 × H320 mm
 - Ø350 × H350 mm
- Voltage / Power: 220V / 500W
- Capacity: 30 portions

Dry-Heating Fully Polished American-Style Soup Warmer

- Model Nos.: 120061 / 120062 / 120063
- Sizes Available:
 - Ø240 × H270 mm
 - Ø270 × H320 mm
 - Ø350 × H350 mm
- Voltage / Power: 220V / 500W
- Capacity: 30 portions

Dry-Heating Rose-Gold European-Style Soup Warmer

- Model Nos.: 119966 / 119967 / 119968
- Sizes Available:
 - Ø240 × H270 mm
 - Ø270 × H320 mm
 - Ø350 × H350 mm
- Voltage / Power: 220V / 500W
- Capacity: 30 portions

Dry-Heating Rose-Gold American-Style Soup Warmer

- Model Nos.: 120066 / 120067 / 120068
- Sizes Available:
 - Ø240 × H270 mm

- Material: Stainless steel + PC container
- Model Series: CLB series

Electric Chafing Dishes

1/1 GN Rectangular Electric Chafing Dish (Stainless Steel Lid)

- Model No.: 119751
- Product Size: 576 × 467 × 222 mm
- Capacity: 13 L
- Model Code: E-8011

1/1 GN Rectangular Electric Chafing Dish (Glass Lid)

- Model No.: 119761
- Product Size: 576 × 467 × 222 mm
- Capacity: 13 L
- Model Code: E-8011UL

2/3 GN Rectangular Electric Chafing Dish (Stainless Steel Lid)

- Model No.: 119752
- Product Size: 400 × 467 × 222 mm
- Capacity: 8 L
- Model Code: E-8032

2/3 GN Rectangular Electric Chafing Dish (Glass Lid)

- Model No.: 119762
- Product Size: 400 × 467 × 222 mm
- Capacity: 8 L
- Model Code: E-8032UL

1/2 GN Rectangular Electric Chafing Dish (Stainless Steel Lid)

- Model No.: 119753
- Product Size: 312 × 467 × 218 mm
- Capacity: 6 L
- Model Code: E-8021

1/2 GN Rectangular Electric Chafing Dish (Glass Lid)

- Model No.: 119763
- Product Size: 312 × 467 × 218 mm
- Capacity: 6 L
- Model Code: E-8021UL

Round Electric Chafing Dish (Stainless Steel Lid)

- Model No.: 119754
- Product Size: 442 × 538 × 222 mm
- Capacity: 8 L
- Model Code: E-8060

Round Electric Chafing Dish (Glass Lid)

- Model No.: 119764
- Product Size: 442 × 538 × 222 mm
- Capacity: 8 L
- Model Code: E-8060UL

Round Electric Soup Warmer (Stainless Steel Lid)

- Model No.: 119756
- Product Size: 372 × 465 × 315 mm
- Capacity: 11 L
- Model Code: E-80-11

Round Electric Soup Warmer (Glass Lid)

- Model No.: 119766
- Product Size: 372 × 465 × 315 mm
